**RESPONSE**

This follows a decision by the Board of Patent Appeals and Interferences regarding this case that was decided January 13, 2009. In the Board's opinion, a new ground of rejection was set forth for claims 50-67 under 35 U.S.C. §101. The Board sustained the Examiner with respect to claims 50, 51, 53, 55-61 under 35 U.S.C. §102(e). However, the Board reversed with respect to claims 52, 54 and 62-67.

The Board pointed out that one option at this point was to reopen prosecution. Applicant respectfully requests the Patent Office to reopen prosecution.

Please amend the claims as follows:
